

# A Strategy for Cultural Transformation

## *Module 3 - Task 6*

### **CONCLUSION**

---

In this module, we explored the importance of the unified church seeking the welfare of the city through social services. The church is called to be the salt and light of the world, impacting and influencing every community that it's in. Here is a question we asked earlier and bears repeating: If your church closed its doors and shut down today, would the community miss it? Hopefully, the answer is yes. But if it's no, there's still time to fix it. Begin to pray for your community, and begin to move your church in the direction of serving and influencing your community for the kingdom of God.

REFLECTION QUESTIONS: What is one need in your community that you identified in this module that you feel passionate about? What are some ways your church might partner with the community to meet this need?
